**Commentary**

I was pleased with the reception we received from the workshop about Ag Ed with Streator HS, and thank them for partnering on a workshop proposal. We had a very visitor rate of people at the AgEd booth this year and I appreciate that the FFA officers are able to help us, and I appreciate Chicago Vocational HS assisting us with preparing a tower garden for use at the booth. I’m excited to begin work with Wieghat Graphics to begin planning a new AgEd website, and I appreciate that I was chosen to lead this project. Many teachers have commented that they like the new system allowing them to submit Strategic Plan in a format that they get to design.
