

Do your students know about the science of food?

The world needs the brightest minds engaged in the science of food to meet the challenge of feeding a projected population of 9 billion in 2050.

To help meet this challenge, we want to help you introduce your K–12 students to the science of food and career opportunities in food science and technology.

Feeding Tomorrow 2021 Virtual Educator Event Wednesday, June 23 | 9:30 a.m.–12 p.m. (CT)

Designed specifically for K-12 educators, this event

- Introduces the world of food science and technology
- Connects you with food industry professionals and other educators
- Provides tools, resources, and experiments for classroom use
- Illinois Continuing Education Credits
