

LINCOLN TECH'S INDIANAPOLIS CAMPUS WELCOMES FUTURE FARMERS OF AMERICA PARTICIPANTS - STOP BY FOR LUNCH ON US!

The closer your students get to graduation, the more excited they should be about their education after high school. A great way to help your students in the decision-making process is allowing them the opportunity to experience Lincoln Tech first hand.

While you're visiting Indianapolis for the **92nd National FFA Convention and Expo, October 30th - November 1st**, Lincoln Tech invites you to stop by for lunch and a tour of our campus. Check out our Diesel shop, which features Detroit Diesels, Caterpillar and Cummins engines, plus our Automotive, Collision, Computerized Manufacturing, Electrical/Electronics and Welding facilities. You can even enter to win a custom painted corn hole game!

Since we first opened our doors in 1946, Lincoln Tech campuses across the country have trained thousands of students for rewarding hands-on careers in the Diesel, Automotive and Skilled Trades industries.

For additional information, please contact us at the number below. We look forward to seeing you in the Fall!

RSVP BY FRIDAY, OCTOBER 25TH
