- Updated the teacher candidate/vacancy pages on the agriculturaleducation.org website.
- Reviewed and made entries in the teacher and program database website.
- Developed and posted listserv messages.
- Email correspondence with various individuals in agricultural education.
- Completed monthly reports and weekly activity log sheets.

Miles Traveled - 1505

Commentary

Roster entry/enrollment summary has gone more slowly this year due to less available time by student workers; however, because several teachers have utilized the Excel option we should finish on time. I expect that all our District vacancies should get filled. I have worked hard to find provisional candidates to help fill positions. Chicago Area FFA Alumni startup has gained a lot of support and I am excited to see how this organization will grow to provide support for our Urban programs.
