Completed Monthly Reports

**VI. COMMENTARY**

This month was a time of making a lot of different presentations for adults and students of all ages. I think it is important that I continue to work with different groups in the agriculture industry, like Illinois Soybean, and students, like the members of PBL & Decatur Andres Academy. I am excited to work with some of the Decatur students who are interested in teaching agriculture as a career. We have a need for more diverse teachers from diverse backgrounds. Another high light of the month included being able to be a part of the FFA Charter signing events for Argenta Oreana, Meridian-Macon and Decatur MacArthur.
